COVERING THE CORNER

REDVERS & AREA COMMUNITY NEWSLETTER

September 2019 Issue
RedversNews@gmail.com

Covering the Corner is a service provided by the Town of Redvers. It is our intent to provide the community of Redvers and surrounding area with a newsletter that keeps residents connected with the numerous events and activities going on within our fantastic community!

BROADWAY BAKESHOP ~ MAKING A DREAM, REALITY!!

Submitted by Amanda Kish

Kim Roberts and Amanda Kish opened Broadway Bakeshop on July 1, 2019.

They met working together as cooks at the Redvers Hospital and became fast friends. Both really enjoyed spoiling the residents in long term care with their cooking and baking. Kim had owned a bakery and deli in Toronto before moving to Vernon, BC. Her and her family made their way to Redvers to be closer to her daughter. Amanda Kish is originally from the Redvers area and comes from a long line of home cooks and bakers. She moved back to Redvers with her family in 2012. They decided one day - spontaneously - to open up a Bakeshop. Everything moved quickly from there and with the support from family, friends, the community and a bit of luck their dream became a reality when they opened Broadway Bakeshop.

REDVERS ACTIVITY CENTRE
SUBMITTED

Animal-assisted Therapy (AAT) is any variety of therapeutic intervention which focuses on interactions between a person and an animal intended to improve physical, cognitive, emotional or behavioural problems. Interactions between humans and animals has been shown to increase certain brain chemicals that in turn decrease blood pressure and initiate relaxation. AAT is a useful supplementary treatment for individuals of all ages and has been shown to benefit people with Autism Spectrum Disorder, Behavioural Disorders, Cerebral Palsy, Intellectual and Developmental Disabilities, Learning Disabilities, Traumatic Brain Injuries and Post-traumatic Stress Disorder, among others. Dogs, horses, cats, llamas and alpacas, rabbits, rats, guinea pigs, miniature pigs and birds have all been used in AAT. Human-animal interactions promote the psychological, emotional, interactive and physical well-being of a person, whether you have a disability or not. (Source: www.abclawcenters.com/blog)

HOW ARE WE HERE ALREADY?? WHY DOES IT ALWAYS FEEL LIKE SUMMER ONLY LASTS ABOUT 5 MINUTES?

Submitted by Michelle Jensen, Librarian

August is usually one of our slowest months but this year it was a flurry of activity and it started off with a bang!!

We had the **GoScience** program from the Saskatchewan Science Centre come in on August 1st and entertain 110 kids and guardians with cool science experiments and activities!! A very big Thank You goes out to our sponsors for the day: *Redvers & District Lions Club, Longshot Testing, Broadway Bakery, and the Redvers Legion!!!*

This month for our Makerspace kit we had **PS4 Battles** every Thursday afternoon and Friday mornings. On Aug 12th, the rain we had been waiting for finally came and along with it was a rush of madness during our **Slime Time** come and go program. In less than an hr, we 51 people come through to make and take home a container of gross, slimy, gooey slime. After that day, I am considering changing my title from Librarian to Chaos Co-ordinator :P

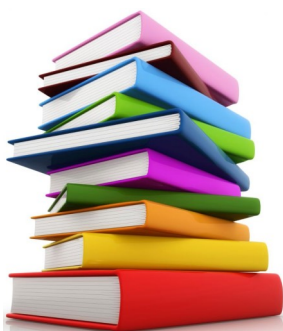

The following week we hosted three Wood Burning Classes with the new Physical Literacy Makerspace kits. We had a ton of fun and they were all so well done and so very unique! Finishing off the month is more chaos with our Come and Go **Tie Dye Friday** on August 30th. We tie dyed a total of 37 pieces and hope everyone loves their new stuff!

Now onto Fall.... Cooler days, turning leaves, and back to school!! Parents rejoice!! We have a fun September planned for everyone!! Starting with our regular programs: **Coffee and Colouring, Storytime, Yummi Mummis and BlockHeadz** are back as usual. After the popularity of **Little Lego** this summer, we have decided to keep it going so it will now have a home on Friday mornings from 10:00-11:00.

Now for the new stuff!! On Mondays we will have **Makerspace Mondays** from 3:30-4:30 and they will feature the kid friendly makerspace of the month, this month being **Cubelets!!!** Another new addition is our **Tech Time** every second Tuesday from 1:30-2:30. This is geared towards teaching adults basic skills on their tablets and smart phones. We will usually have a theme but feel free to come in with any questions about your iPhones, etc. and I will do my best to solve your problem or answer your questions.

Now onto the extras!! We will be hosting our Fall Book Sale from Sept 9-13th, books are \$0.50 each, 3 for \$1.00 or a whole box for \$5!! Special programs for the month of September are the **Walk for Dog Guides Canada** on Sunday, Sept 22. All proceeds raised will go to Dog Guides Canada to help provide service dogs for people in need. We have planned a safe pet approach talk by Head for the Hills Vet Clinic at 11:30, registration begins at 12:00 and the walk beginning at 1:00pm. And at the end of that week is our **Welcome Baby** event for first time moms and their newborns from 1:00-3:00 (registration is required).

For more information on our programs or what the library has to offer, contact Michelle by phone at 452-3255, find us on facebook (Redvers Public Library Branch, Southeast Regional Library), on twitter @RedversLibrary or on Instagram @redverspubliclibrary.

Open hours are Tuesday 9:30-12:30/1:00-5:30
Wednesday 3:00-7:30
Thursday 9:30-12:30-1:00-5:30
Friday 9:30-12:30/1:00-3:30

Redvers United Lutheran Shared Ministry Church
schedule for the month of **September**

Dannevirke Lutheran Church
Knox United Church

Sunday services for the month of September are at

*Dannevirke Lutheran Church at 10:00 a.m.
Every Sunday, except September 29th which will be held at Knox
United Church @ 3:00 p.m.
This will be the final service for Knox United.*

REDVERS SKATING CLUB NEWS

Submitted by Melissa Toms

The Redvers Skating Club is looking forward to another great skating season. I am happy to have Brittany Rowe take the lead with our Learn to Skate Program. Brittany is excited to pass along her knowledge and skills in skating, and may bring back the Ice Show at the end of the season. Once Brittany is a certified level 1 coach, this will help allow the club to rejoin Skate Canada. Once your skating club is a member of Skate Canada, this opens the door for skaters to compete and test at Skate Canada events. I am excited to watch the Skating Club grow back to what it used to be.

In the mean time, our Learn to Skate Program offers basic skating skills at four different levels. Once the skater completes a level they receive a ribbon and move onto the next level. Our program covers the six skills to skate: go forward, go backward, stop, turn, spin and jump. This program is open to all ages and meets once a week.

For those skaters who are curious about Figure Skating, we offer a program called Introduction to Figure Skating. We lightly touch on jumps, spins, edges and dance steps. Figure skates are required for this program.

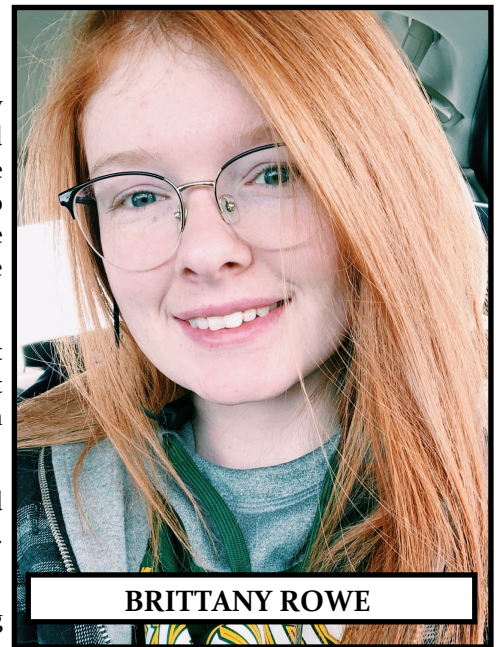

Brittany Rowe was born in Kamloops, BC, but moved back at a very young age growing up in Carlyle. She is 20 years old. Brittany began skating about 9 years ago and has loved it ever since. This past year she completed the last of her gold dances along with her gold skills making her a triple gold skater. Brittany completed the Can Skate course through skate Canada this past April and will be trained to instruct Can Skate by the end on October. Brittany is super excited to be coaching the Learn to Skate program this year in Redvers as well as coaching Can Skate in Carlyle.

The amazing Cheryl Bartel leads the Power Skating program. Cheryl has years of experience in the skating world. She is a major influence on so many athletes from Redvers, my self included. This program has been very successful. We usually have a waiting list of skaters wanting to enter her program. Cheryl does request that the skaters complete our Learn to Skate program before entering power skating. Cheryl will then focus on fine-tuning the mechanics of stops, stride, balance, agility, edges, turns, strength and speed. The skaters are in full hockey equipment and on the ice for 30-45 minutes of intense training. Cheryl meets with these skaters on Mondays, for ten weeks.

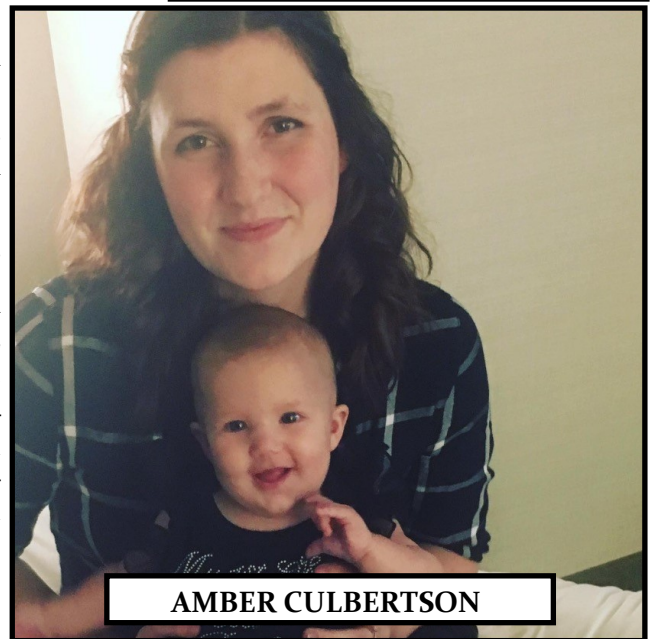

Due to the increase of power skating interest this year, we have asked Amber Culbertson to help work under Cheryl with the younger skaters. Amber is more than qualified to take on this program. Amber will be working with the skaters on Tuesdays, for ten weeks.

My name is Amber Culbertson; I farm with my family south of Redvers. I grew up in Reston where I lived at the rink three nights a week. I have been skating my entire life, being coached Figure Skating by Cheryl Bartel for 13 years, I enjoyed everything about figure skating, but skills challenges were my favorite, I taught Can Skate through-out high school, and now I play hockey on our local Rec Team. I am happy to help with Power Skating this year and look forward to watching Redvers; young skaters progress their skills though the season.

If anyone has any questions please join our Facebook Group **Redvers Skating Club** or email skateredvers@hotmail.com.

THE REDVERS & DISTRICT LIONS CLUB TRIP OF THE MONTH WINNERS:

August 2019

TRIP— Las Vegas— Robert & Annette Holden

\$100 Cash— Redmond Demas

Thank you

The daughter of Seretha "Sam" Rogg, would like to thank Dr. McIntyre and all the hospital staff in Redvers, Sk. for their great care given to my mom, during the last 23 days of her life.

A special thank you to the staff who went above and beyond the basic care of a patient. Those that went the extra mile, who made her feel loved and truly cared for, as if she were their own Mother.

I would also like to express my thanks to those who took time out of their busy days to care about me while I was staying with Mom 24/7. Some of you took the time to see if I needed anything and to explain Mom's care to me. Your kindness during that difficult time will never be forgotten. My Mom and I were lucky to have such special people in our lives, and anyone who has them in their lives, to care for them, while at Redvers Hospital, will benefit from their skills and compassion.

I would also like to thank all the friends and family, who came from near and far, to visit Mom in Regina hospital and Redvers hospital. Your visits meant a lot to "Sam", the flowers and gifts cheered up her hospital rooms.

At this time, I would also like to send a big thank you to all of her friends and extended family, who made Mom's 85th birthday party so happy and memorable. Thank you, Father Erwin for sharing your special day with her. A special thank you also, to those who helped her celebrate her birthday while in the hospital, on the actual day.

Finally, thanks to all, for the cards, phone calls, visits, food and gifts after Mom's passing, they were greatly appreciated.

The world has lost a wonderful lady.

Sincerely, Robin Lundgren

HAVEN HAPPENINGS

Submitted by Barbara Dennis

The month of August was busy. We had a great watercolor class with Chylisse Marchand. Our Tiger Lilies came out beautifully!! We also held our Neighbourhood block party and had a KFC supper that night and the Belisle Sisters were Special guests that day!!

Draws – ALL MONTH

- draws for a 70th Anniversary Advantage Co-op jacket every 7 days; Sept. 7, 14, 21 & 28th

Where We Have Come From

The Redvers Co-op's first priority, from their beginning date of December 1, 1949, was Petroleum.

Overhead tanks were erected in October of 1950. Joe Burnett, who was the General Manager from 1950-51, began selling fuel using his own truck to deliver it.

In 1953 increased petroleum sales meant more storage tanks were needed. These were added in 1953 and 1955.

In 1988 gas was sold from the Hardware pumps across the tracks.

In 1993 FCL constructed a Co-op Bulk Plant.

In 1997 a cardlock was built east of Redvers. This has been expanded over the years with more pumps added. Moving the cardlock to the highway location has proven to be a profitable decision.

In 2009 a triple axle fuel truck was purchased. It was the first in this area.

Our Petroleum Department works hard to meet the needs of our members.

Thank you so much for supporting our event at the Crop Inputs in July. We had over 40 memorabilia items brought in, that spanned a good portion of the 70 years Co-op has been in our community.

On July 31st we hosted a BBQ where the **Redvers Early Learning & Child Care Centre** cooked up lunch and were able to **raise \$744.00** for their Centre. Thank you to all that attended and donated!

Winners of the Door Prizes at the BBQ were
John Boutin and **Braeden Magotiaux**.

Our Grand Prize Winner of the Yeti cooler and BBQ package was
Marguerite Kenler!

Thanks again and Congratulations to all our Winners!

On Wednesday, August 21st, the Food Store's parking lot was very busy with Bingo, a Magic Show, Cupcake Decorating, Face Painting, Cotton Candy, Music and a Cold Plate Supper.

The Bingo, which was organized by the **Redvers Minor Ball Committee**, raised **\$245.00**. Fun was had by all ages.

Proceeds from the supper totaled **\$1945.00**, which was **donated to the Redvers School Gymnasium Floor Repairs**.

Also, during the day, 10 cents per dollar spent on grocery sales, was **donated** as well **to the School Gymnasium Floor Repair** by the Advantage Co-op. The amount was an additional **\$2000.00**.

Thank you to the community for making our third 70th Anniversary Celebration Event another success!

HAPPY/SAD

Submitted by Jocelyn Hainsworth

It's that time of year again.

The evenings are getting chilly, the combines are out foraging for food, trees are the dark green of late summer except where they have begun to slip into their autumn wardrobe, and kitchens smell like pickles. The ditches have moved on from pastel pink Prairie Roses to the bold yellow of Goldenrod. Out here in the country coyotes patrol yards with apple trees to cash in on the fruit that falls to the ground, and the hummingbirds are going crazy at the feeders on the deck to fuel up for their trip south. I doubt that there will be any left by the end of next week.

Summer is a time of outside projects and I made the best of my time completing a garden improvement. I now have two gardens with a rock walkway/edging in my front yard. They look lovely but I'm pretty sure I don't need to do that again. Surely I can stay fit doing something a little less labour intensive. I now have the extreme pleasure of having all that new garden space to fill with whatever plants that strike my fancy next spring. Yes, I do realize this is an addiction, but it only hurts the bank account.

Two weeks ago I traded my rock mover hat for that of a navigator/entertainer/tactical advisor/resident conflict resolution expert. That is to say Grandma was invited along on an adventure to see the dinosaurs at Drumheller: a day long drive with three children ages 8, 5 and 2, museums, hikes in the badlands, climbing hoodoos, cooling off in a splash park, looking for fossils, watching out for rattle snakes, and taking a coal train ride, all the while existing on fast food and snacks and sharing a hotel room.

It was every bit as exhausting as it sounds, and yet it was great fun too. The only thing I would do differently is go back without the kids and get the full adult experience of the museum. Kids tend to ping pong themselves around the exhibits never giving enough time for an adult who actually wants to read the information that goes with them. I've never been good at speed reading and having someone calling "Grandma! Come and see this!" every two minutes does not help.

'Road music' usually refers to an upbeat play list from your phone but our trip home will always be etched into my memory to the tune of 'Found A Peanut'.

There was almost 24 hours to switch gears to a house full of company – all five Canadian grandchildren and a couple extras for a bit, a family supper (because why not?), four large dogs, and 57% of the fly population of Canada waiting on the deck to be let in by the aforementioned kids and dogs. It was five more days of fun. The last of them left an hour ago; I've turned on the radio for some ambient noise and our dog is laid out on the trampoline. He may not move again until next Tuesday.

But, even as we readjust back to the slower pace we usually keep around here it is a happy/sad time. Yes, there is no way we could keep that up permanently, and the quiet is pleasant, it's still a little sad when they go home. I'm never in a big hurry to wipe the fingerprints off the windows and mirrors or return the Lego masterpieces to the toy closet. Surprise balloons behind doors and random Hot Wheels cars under chairs are the leftovers of happy times.

With the dust of the last vehicle leaving the yard I turned to tidy up the house, shrink the table back to normal size, roll up the cord to the camper, and make a judgement call on what needed doing first – the lawn or the laundry I knew that the summer of 2019 was a thing of the past. In only a few short days it will be the school bus heading down the road.

The Housing Authority presently has vacancies and may be able to rent to applicants that do not meet program criteria. Anyone looking for housing is encouraged to apply.

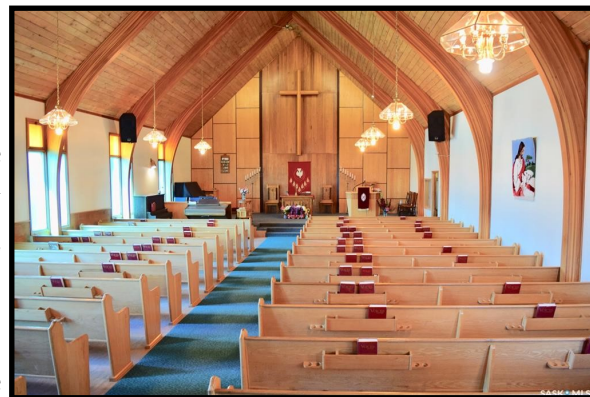

Applications can be obtained at the town office or through the Housing Authority Manager.

For more information contact:
(306) 840-7653

The portfolio consists of:

- ✓ 1 bedroom **senior** semi-detached units
- ✓ 1 bedroom **senior** units with a common area for tenants to socialize (Redvers Lodge)

The Knox United Church congregation has a long history in Redvers – well over 100 years—predating the 1925 formation of the United Church of Canada. During that time, there have been many changes and evolutions, yet the Knox congregation itself was (and is) the constant. Like many congregations though, Knox has gotten smaller over the last 30 years, and that, in itself, has presented some challenges and opportunities. Working together with both the Manor United Church congregation and the Dannevirke Lutheran congregation of Redvers led to the formation of the Redvers Manor United Lutheran Shared Ministry in 2002. This agreement allowed all three congregations to share in the costs of a full-time minister while also growing together based on our similarities and strengths as a community of faith and fellowship. While things have evolved since then, the Lutheran and United congregations of Redvers have worshiped together for nearly 17 years with a monthly rotation of services between the two church buildings. Over that time, we have strengthened our relationship between the United and Lutheran congregations of Redvers and (at multiple times) have discussed the idea of becoming a Shared Ministry all under one roof—in a single church.

The reality of the Shared Ministry under a single church roof has begun. Earlier in 2019, the Knox United Church AGM attendees and church council voted to list the Knox United Church building for sale. Permission was granted from the United Church of Canada's regional council to proceed and list the church for sale. Thus, it is currently for sale. It is certainly a difficult decision to say good-bye to the home of Knox United Church services for over 90 years. However, "the church is not the building – it is the people", so the Knox United congregation will continue to be and meet weekly as we continue to evolve in our Shared Ministry. With the Knox congregation getting smaller in number (and older in age), we need to make the responsibilities of the congregation and the church council manageable for now and into the future. The financial obligation of maintaining a ministry and its properties is one that is a growing challenge with no remedy in sight. Thus, in 2018, the Knox United Church manse was sold and now we hope to sell the church building too. It will be a hard thing to

do, but it is a course of action that we realize is prudent and necessary.

Sunday, September 29th will be the final church service at the Knox United Church building on Broadway Street in Redvers, and it will be decommissioned as the official place of worship for the Redvers Knox United congregation. As Pastor Marja Hordern is on medical leave, the September 29th service will be led by Rev. Rob Reed. The decommissioning service will be held at 3 pm at Knox with a program and potluck to follow. The September 29th event will be a day to reflect, grieve, and celebrate all things that the church building means to our lives and church community. We encourage people who may have pictures of the church and congregation to share them with us for the program. You may send pictures (preferably scanned and converted to digital images) to rmulsm@sasktel.net. Written and oral remembrances are also welcome.

With the exception of September 29th, Shared Ministry Church services in September, October and beyond will be held at Dannevirke Lutheran Church. October services will follow the United Church order of service while November will follow the Lutheran order of service. Each denomination will alternate using its order of service each month, so while all Sunday services will be held at Dannevirke, both the Lutheran and United Church styles of service will continue to be used and both congregations will continue their rich traditions as the Redvers United-Lutheran Shared Ministry continues to evolve since its formation in 2002. Church services will remain at 10 a.m. each Sunday. All are welcome. For more information about the Shared Ministry, check out the Redvers United-Lutheran Shared Ministry Facebook page or contact the church office at rmulsm@sasktel.net
