Covering the Corner is a service provided by the Town of Redvers. It is our intent to provide the community of Redvers and surrounding area with a newsletter that keeps residents connected with the numerous events and activities going on within our fantastic community!

Redvers Wildlife Archery Club

On February 8, 2020 the Archery Club hosted a Mock SAA shoot. This consists of 60 arrows shot at 10m for 9&Under Archers or 18m for anyone older. The archers competed against others in the same equipment class, gender and age.

Pictured above (L to R): Ken Martel, Kinnon Rolufs, Kaleb Maxie, Mazie Cameron, Miles Nord, Macade Ochitwa, Ron Cameron, Stacy Cameron & Rylee Garnier. Pictured right is Coach Ken Martel watching archer Rylee Garnier snipe some yellow and the left picture is Archers Drayden Yates & Camden Carlsen posing for a picture in between shooting. REDVERS ACTIVITY CENTRE

Submitted by Marsha Goforth

The Redvers Activity Centre is very lucky to have a long-term participant and employee at the Centre. The attached picture spotlights two of the people who have been with the Centre for many years. Joanne Mills will have been with the Centre for 49 years in August. Joanne has been attending the Day Program and living with the support of Redvers Activity Centre throughout this entire time. Shelley Raymond will have been with the Centre for 31 years in August. Both Joanne and Shelley are an integral part of our program. With rich experience like they have, they are a wealth of knowledge for those of us who haven't been around as long. It's rare to have people who are so loyal, dedicated and committed to an Agency and we are fortunate to have them both!

LEMON TREE, VERY PRETTY

Submitted by Jocelyn Hainsworth

In an effort to control my urge to plant approximately a hundred different things at a time when it is way too early to do such a silly thing (trust me, I've have made this mistake once or twice) I have allowed myself just a few very slow growing babies to soak up the sunlight in my south window. It's a kind of an inoculation against the raging lunacy that Spring Fever can bring on if I let it get even a toe-hold in my life.

Biggest, and most impressive, is the amaryllis that took last year off and was way late this year but has finally treated me to blooms. At the other end of the shelf is an orchid that is sending out a full stem of buds even though the leaves all look dead. The poor thing fell off its perch a few months ago and lost the entire growing medium the roots were in. As best as I could, I put it all back together and now I have this dead plant obviously planning on going out with a bang. It's a strange world.

Off to the side I have my surprise morning glory that treats me to a new blossom every once in a while. It's only here because at Christmas time I planted a whole bunch of lemon seeds to see if they would germinate. The morning glory came up immediately – on the shortest day of the year. You've got to love a plant with that kind ofchutzpah!

But the main space on the shelf is lemon tree territory. The Internet had warned me that lemons take a month to germinate, and sure enough toward the end of January skinny green poles started poking through. I planted 32 seeds and got 22 seedlings. I am pretty pleased with my success and have absolutely no idea what I'm going to do with them.

That didn't stop me from transplanting them into bigger homes, though. They grew for me; I owe them the space they need to flourish. One consequence of years of gardening is owning all sorts of containers to put plants in... luckily in many sizes. I had never grown trees from seeds before – their roots are probably triple the length of whatever appears above the ground. No wonder they took so long to come up, there was a lot going on out of sight.

Since getting re-homed they have sprouted even more leaves – dark, shiny, green leaves on strong stems. My plan to counter Spring Fever with something that grows well, but in slow motion, is working beautifully.

A week or two ago I decided if one perennial was good for me, two would be better. I had saved some seeds out of my Concord Grapes so I planted a batch of those as well. There's no action yet but it gives me something to check every morning.

The daylight hours are lengthening out and the temperatures are creeping upward. Very soon it will not be ridiculous to get out the annual seeds and go my usual kind of crazy. Meanwhile I have my little lemon grove and the words of a song from the 1960s ringing in my head...*"Lemon tree, very pretty! And the lemon flower is sweet. But the fruit of the poor lemon is impossible to eat!"*

If you're prone to earworms, you're welcome. Have a great March!

HAVEN HAPPENINGS MARCH 2020

Submitted by Barbara Dennis

February – Valentines – flowers – Jeremy proved himself a real ladies man when he went above and beyond his cook duties by delivering flowers to all the ladies on Valentine's Day. Photographed above, Jeremy with Margaret, Carolyn, Pat and Aileen with their single flower bouquets. Way to win the hearts of the ladies Jeremy!

One of the favorite activities at the Haven is Bat Ball. What is Bat Ball, you ask? Participants, (from 3 to 12) sit around a table height playing surface, wield a styrofoam bat and hit a balloon around. It is fun, (I know because they laugh and joke), improves hand eye co-ordination, and is great exercise!

It is beginning to look a little like Hawaii around the Haven. Grass skirts, pineapples, palm trees and scantily clad ladies are being seen round about. The residents are tracking their miles and counting down the distance prior to our Hawaiian themed party taking place in about 3 weeks time. Aloha – here we come!!

Speaking of party – a crew from the condos is coming to host the March monthly birthday party on the 19th. Fred's Friends will be providing the entertainment- looking forward to a great afternoon! Other entertainers this month are Keith Olsen on the 3rd, the Singing Seniors (Wawota based group under the leadership of Marie Vail – formerly the Kitchen Utensils), Lyon's Country Band will return on the 10th, and the Happy Wanderers will round out the month on the 27th.

The Activity Department is treating the residents to a dinner meal of **Kentucky Fried Chicken**: something that many of them truly look forward to. The cost of delivery is the same if we feed 24 or 44 so... if YOU would like to treat YOURSELF to Kentucky Fried Chicken – act quickly – come to reception and place your name on the list and pay for your meal by **March 9** by 4 o'clock and on Wednesday March 11 come to the Haven and pick up your meal. For **\$12.00** you will receive 2 to 3 pieces of chicken, a baked potato, KFC coleslaw and an ice cream dickie cup. You don't need to travel very far to get your KFC and you will be helping to defray our costs – thank you! See you on the 11th.

REDVERS LIBRARY NEWS

Submitted by Michelle Jensen

Baa, baa... March is coming in like a Lamb!! Gotta love the great weather to start off the month. It's giving me all the Spring feels... February was a pretty chilled out month for us after January's craziness! We kept rolling with all of our regular programs but managed to host a few cool programs and events! For 16 yrs., the libraries of Saskatchewan have been holding events in February to honor the age old tradition of aboriginal storytelling in the cold winter months. On Feb 12th we were lucky enough to be joined by Dale McArthur, Michele Amy and Pierre Tinant at the Redvers School in honour of Aboriginal Storyteller month. They sang songs, told stories and entertained us with some toe-tapping, hand-clapping fiddle music. We also had the Cricut Air 2 Makerspace kit at the Library for the month! We made around 20+ different pieces with the machine, everything from cups, to signs to phone cases. A big Thank You to Jen Martin for coming in to give me the crash course on how to use it! I wouldn't have been able to do it without you!! Finally we attended the Impact childhood fair (for children born in 2016) on Feb 27th at the Redvers School. We brought an array of books and promo items for the parents and kids to check out.

Now for what's coming up!! March is focused on empowerment!! We will be running 3 **Self-defense classes** in March and a men's yoga class with the help of Angie Smyth, local trainer extraordinaire! On Tues, March 10th we will be hosting 2 groups (ages 12-14 & ages 15-17) and then on the following Monday, March 16th we will be holding an 18+ group. Groups are limited to 6 participants each, so if you are interested call us to save your spot! Now a little something for the guys! On Tuesday, March 31st we will be hosting **Broga**, a men only yoga class, geared towards building muscle strength, improving flexibility and preventing injury. This is the perfect class for the athlete who wants to build their strength, the hard-working man who spends all day in the truck or tractor or any fitness enthusiast. Call or message us to save your spot. As for our monthly makerspace kit, we will have the **PlayStation Virtual Reality** kit available to use all month so come try out some of the cool games! No registration required to come use the VR kit!!

Our regular programs will run as per usual.

Monday- Minecraft Monday 3:30-4:30 Ages 6+

Tuesday- Coffee & Colouring 10:00-12:00 Adults Come & Go
BlockHeadz Lego Club 3:30-4:30 Ages 6+

Thursday- StoryTime 10:00-11:00 Pre Schoolers
BlockHeadz Lego Club 3:30-4:30 Ages 6+

Friday- Little Lego 10:00-11:00 PreSchoolers

For more information on our programs or what the library has to offer, contact Michelle by phone at 452-3255, find us on Facebook (Redvers Public Library Branch, Southeast Regional Library), on twitter @RedversLibrary or on Instagram @redverspubliclibrary. Also note that Southeast Regional Library has a YouTube channel that is always being updated with new videos of events and fun things happening in our libraries within the region.

Our monthly calendar of events and program guide is pinned to the top of our Facebook page at all times so pop on there for more info and to check out our posters for all of our events coming up.

REDVERS ARCHERY

Submitted by Tricia Pickard

The Redvers Wildlife Archery Club has been very busy these past few months. Like really busy! As many of you may have noticed, there is a new sign hanging outside of the Legion. Because we have worked alongside the Redvers Legion for many years, they have given us the opportunity to hold the reigns and drive the direction of the building. Our executive board decided they wanted the upstairs to feel like our home away from home, and because we spend so much time there, we decided to do some small upgrades. We held a work bee before Christmas and boy did we work! We cleaned and organized and even painted. We even took it a step further, and Ken Martel worked hard at putting up new wall board in the stage area. New curtain rods and floor vents were replaced. New curtains will be coming to fit those amazing windows!

We call the Legion our home away from home because our club hosts shooting groups five nights per week, with 91 members coming and going each week. Before Christmas we held a "Fun Shoot" which consisted of balloons, 3D Animal Targets and even a Prize Christmas Tree. This Christmas Tree had hanging cardboard ornaments on it with prizes written on each ornament. The archers did not know the prize until they shot one of the ornaments and when collecting their arrows, flipping the ornament over. The Christmas Tree was a brain wave of Brian LeNouail, and between him and Felicia Jacobson, they made their idea become a reality. The coaches even partook in a Fun Christmas Shoot which everyone greatly enjoyed and will now be an annual event!

On February 8, 2020 we hosted a Mock SAA shoot. This consists of 60 arrows shot at 10m for 9&Under Archers or 18m for anyone older. The archers competed against others in the same equipment class, gender and age.

Our club takes pride in working with the community and is known to help at fundraisers and our local Buck Day. These have been small fundraisers for us over the years. Because we wanted to raise a few more funds this year, in addition to our regular fundraisers, the club held a Raffle Fundraiser. We decided to sell raffle tickets on a Cheer Basket and a Family Movie Night Package. The winners were Jacquie Petit and Alicia Stewart. We would like to thank everyone who purchased tickets from our club members. We raised \$5,198.23 which was far superior to what we ever expected. Our goal was to raise enough funds to purchase two new 3D Targets, which we are elated to have surpassed! We will be putting the rest of the raffle profits towards some more upgrades and fixes to the building.

DID YOU KNOW?

The Legion can be rented for Birthday Parties, Meetings, Fundraisers, etc.? We also host Pickle Ball, and it is held Mondays from 7:00PM-9:00PM and Fridays from 10:00AM-12:00PM, call Sara Sutter for more info on that.

LAST BUT NOT LEAST, THANK YOU TO OUR SUPPORTERS!

At the end of 2019, we were very grateful to have received a \$500 grant from Affinity Credit Union. The club has purchased some new equipment from that grant. The Optimist Eatery & Café, within their business, held a funding opportunity for our club. A certain percentage of profits from pizza and beer sales would go towards upgrades for the building. We were able to purchase new floor vents with those funds. Nixon Lumber donated all new plug in and light switch covers for the upstairs of the building. It is the small things that finish off a renovation and thanks to their generosity, we were able to do that. Thank you very much to these businesses for supporting our club!

01 FOCUS

Growing up with the occupation, routine and discipline of a sporting challenge central to their lives has real benefits for kids.

A YEAR ROUND SPORT 02

Archery is completely weatherproof, a year round sport, archery can be conducted in a gym or sports hall or outside in the fresh air in a field.

03 TEACHES SELF DISCIPLINE

Discipline comes in many different forms. The need to learn to follow rules for the purposes of safety and competition to the inner self-discipline that is required to shoot well.

PROBLEM SOLVING 04

Success in many sports only comes about after a series of failures. Archery is all about step by step methods, and learning how small changes influence a final result.

05 LEARNING HOW TO FAIL

You won't hit gold every time. Archery teaches kids resilience and the importance of trying again.

SPORTSMANSHIP AND TEAMWORK 06

Working with other archers teaches young people the rules of engagement, teamwork and dealing with both success and failure.

07 IMPROVED PHYSICAL HEALTH

An archer can walk as far as five miles in a one day tournament and drawing a bow requires controlled upper body strength.

BALANCE, STABILITY AND CO-ORDINATION 08

Stability and balance are top of the list for good shooting not just strength alone. And hand eye co-ordination is essential for archery.

09 DEALING WITH PRESSURE

Competitive archers name the ability to deal with pressure as one of the top three factors in successful shooting.

PATIENCE 10

Patience is a virtue and in archery, kids have to learn to be patient and wait for the right moment to release the bow and for others to shoot.

11 CONCENTRATION

Archery teaches kids how to concentrate, how to maintain and increase their attention span.

SELF-CONTROL 12

Archery requires not only total control of the body but also complete control of the mind.

13 SELF-AWARENESS AND CONFIDENCE

Learn how they react under pressure, in difficult situations and as a team player.

TARGETS AND GOAL SETTING 14

Skill, technique and experience layer one upon another to achieve target prowess. Even for the most competitive child, there is always another goal, another challenge.

Redvers Wildlife Archery Club

15 MENTAL ACUITY AND REACTION TIME

The key components in assessing or developing mental acuity are memory, focus, concentration and understanding. Target archery offers the young mind the opportunity to develop really good mental acuity.

SAFETY AND RESPONSIBILITY 16

Did you know that archery is actually one of the safest school sports your kids can be involved in? Teaching children about safety makes them take responsibility for their own behaviour and also the safety of those around them.

17 MINDFULNESS

The process of shooting a bow is a mindful one. You have to focus on yourself and nothing else.

ACCOMPLISHMENT 18

With practice, any kid can get good at archery. It requires work but it is possible to become an accomplished shooter and having an accomplishment is a big positive in a child's life.

19 GET OUTDOORS

There are so many health benefits to simply being outside! Sunshine, fresh air.

INCLUSIVITY 20

Archery can be enjoyed by all children and young people regardless of any impairment they may carry.

21 SOCIAL MIX

Archery is for everyone and kids can learn to shoot with people of all ages.

COST 22

Start up costs are minimal and even with a child that is keen, it is possible to go a long way into the sport without having to spend a fortune.

23 SELF-IMPROVEMENT

Kids like archery because they can easily plot "getting better at something" through proper practice.

FRIENDSHIP 24

One of the top three reasons why kids like the National Archery in the Schools Program (NASP®) is the friends they make being a part of it.

25 IT'S COOL!

How many heroes can you name who hold a bow and arrow? Hawkeye, Robin Hood, Legolas and let's not forget Katniss Everdeen and Lara Croft.

CONTAMINATION ALERT

February 2020

Dear Resident,

Crisis is perhaps too strong a word, but contamination of recycle material is, in general, a growing problem in North America. In 2018 China stopped accepting recycle materials from around the globe. The result is an oversupply of recyclables, driving values down and processing costs up. The need for maintaining and improving the quality of what is collected is greater than ever.

As you know, recycling processing relies, in part, on separating acceptable materials from garbage. Material Recovery Facilities (MRFs) are being vigilant in reducing the contamination levels in the materials they are marketing; however, this takes more time and expense.

In order to maintain a strong and effective recycling program, we need your cooperation. Any items listed as acceptable can go in the 'BLUE' recycle cart and any remaining items go in the garbage or an alternative recycling facility, e.g. light bulbs and metal parts. Contaminated recycle loads may result in additional fees being charged back to the municipalities.

If you have any doubt whether or not an item can be recycled, please contact Loraas or at a minimum, *when in doubt put it in the garbage*.

Attached is a helpful poster which outlines our recycling program. This poster details what can and cannot be put in the blue cart or bin.

Thank You, we appreciate your cooperation as we attempt to keep recycle material clean and costs to the municipalities low.

THE TRUTH BEHIND “IN LIKE A LION, OUT LIKE A LAMB”

by Farmers' Almanac Staff | Posted In: [Featured](#), [Seasonal](#), [Weather](#), [Weather Folklore](#)

You may be familiar with this bit of folklore about March: *If March comes in like a lion, it will go out like a lamb.*

Is there any truth to this saying? Weather folklore sayings are as colorful as our imagination. While many sayings are based on careful observations and turn out to be accurate, others are merely [rhymes](#) or beliefs of the people who came before us.

Ancestral Beliefs—Balance

Those people often believed that bad spirits could affect the weather adversely, so they were cautious as to what they did or did not do in certain situations.

Those beliefs often included ideas that there should be a balance in weather and life. So, if a month came in bad (roaring like a lion), it should go out good and calm (docile, like a lamb).

With March being such a changeable month, in which we can see warm spring-like temperatures or late-season snowstorms, you can understand how this saying might hold true in some instances.

We can only hope that if March starts off stormy it will end on a calm note, but the key word is *hope*. However, this saying seems to be simply a rhyme rather than a true weather predictor.

SNOWMOBILERS ARE ALWAYS WELCOME!

REDVERS REC REPORT

Submitted by Alicia Stewart

The Redvers & District Recreation Centre has been the place to be over the last couple of weeks. With playoffs and provincials well on their way it has been very busy and by the looks of our teams it's not going to slow down anytime soon... The initiation teams have finished up their season this past weekend; these little people sure have improved from the start of the season wow!! We had 2 Novice teams this season and both made it to the playoff tournament that will be held here March 7th - be sure to watch for times. The Atom, Bantam and Midget 1 team have games this week to finish up their first round of playoffs! Good luck to them this week! PeeWee and Midget 2 both swept their first round of playoffs beating Carnduff and Estevan Wolves. The PeeWee's will be playing off against Carlyle next and the Midgets will be headed back to either Estevan or Radville for round 2.

What a weekend.....

This past weekend was one for the books. The Recreation Centre was packed to the brim. The Redvers Rockets played off Saturday and Sunday against the Davidson Cyclones and brought the entire town together to support them! After going to Davidson they were down the first game so they had to win Saturday to push through to game 3 and that's exactly what they did. It was an intense game with a final score of 4-3. Sunday the crowd came back to watch the Rockets and again they did not disappoint. It was a nail biter of a game with Redvers pulling the 5-4 win out in overtime! Next on the provincial list for the Rockets will be Foam Lake.

The Bantams also played Davidson in their 2nd round of provincials unfortunately it was not the outcome we were hoping for losing both games knocking them out of provincials. Midget 2 faced off against Milestone for their 2nd round of provincials taking that series 2-0. They will be headed to Maple Creek next! Good Luck boys!

A couple of things to make note of on your calendar - March 6&7 is the Farms and Friends Bonspiel be sure to give Brad a call to enter your team. Moccasin Lock-up is getting close as well April 3 & 4 so be sure to give Alicia a call, teams are filling up quick.

Stay tuned to our Facebook page to stay updated on all the games happening for the month of March.
