SEPTEMBER BLUE

Submitted by Jocelyn Hainsworth

As the kids get ready to go back to school and the combines roar to life the natural world slips quietly into another gear too. Plants, having fulfilled their destiny to grow, flower, and bear fruit let themselves dry up and wither away (except for cucumbers which go into overdrive). Birds gather for massive conventions to discuss their route south and departure date. There is the scent of completeness in the air – everything is mature, ripe, and well seasoned, and the sky goes from the dazzling bright blue of summer to the soft, powdery, cornflower blue of September. It's my favorite.

I don't know how it happens so fast, but the sun's bedtime is now earlier than mine again. How does it take so long for the days to lengthen out between December and June, but the reverse happens in the blink of an eye.

It has been a wonky, crazy busy summer for me - caring for an elderly family member and having grandchildren stay with us while their family was moving. Thankfully in both cases I wasn't the only one on the job but it was a real eye opener into being in the middle of the 'sandwich generation'. The kids are back with their parents now and we are nearing the end of moving Grandma out of her home and into Long Term Care. Life is bound to slow down pretty soon. I hope.

I apologize to my colleagues at Tourism for my absence throughout August. I know I have been Missing In Action. It's not that the place can't run without me - in fact the things I do can be done by anyone – but I wasn't there to pitch in as much as I usually am. By the looks of things everything is running smoothly, proving that I am dispensable. We are close to the end of the season now and I will be there for the close-up jobs unless something drastic happens.

This might sound crazy but the best thing that happened this summer is that my vegetable garden was a complete failure. The spring was so late and wet that I didn't get it planted till the middle of June. And, even though it had been worked several times the soil was the consistency of muddy bricks. The potatoes struggled to get through the surface. I got the other seeds in but then we had another deluge. It stayed so cold that germination was dismal ... until the heat turned up and every seed out there exploded with life. 92% of them were weed seeds.

By the third week of July the corn was only a foot tall, stunted peas weren't even in bloom yet and only a few yellow beans had made an appearance, the green beans hadn't bothered to germinate at all. I found enough beets and carrots to keep, but instructed the guy with the tractor and tiller to "make the rest just go away!" I also put in an order for a substantial soil remediation project with straw and manure to be worked in and weed control tillage to be performed on a regular basis. If it's successful I may regret my request. My 2023 garden might be a bumper crop and I've kinda liked the ease and luxury of just getting garden charity this year. Oh well, I will worry about that when the time comes.

Meanwhile I am going to try to soak in the softer autumn sun, listen to the crickets while I hang out the laundry a few more times, and enjoy that the grass is still green and soft enough to walk in bare feet.

Redvers Wranglers Lighthouse 4-H Club Achievement Day Roundup!

Our achievement day was held June 19, 2022 to finish out a great 4-H year.

The Redvers Wrangler members got an opportunity to show off some of the skills they had acquired throughout the 4-H year. We had handling demos from the Youngs horse members with their 2 year old horses, which both happen to be from Klatt Quarter Horses in Alameda. All members participated in an intermediate lead lesson from Reese Kyle. All Intermediates were asked to plan and deliver lessons to their peers as part of their project this year. And to finish out the demonstration portion, our members had a friendly barrel race competition and tracked the heel-o-matic! After demos we played some equine mounted games which are always super fun for the members and a barrel of laughs for the leaders and spectators. We ended the day with awards and a bbq.

The weatherman has been fairly nice to us these past few weeks, almost too nice as some days it was incredible hot, but otherwise it was bearable to enjoy the outdoors, providing you kept the insect spray close to yourself. Those pesky little mosquitoes can sure spoil your time outside. I've also noticed that the birds are beginning to flock together – do they know something that we don't?? Sure hope not as there's lots of work to be done outside before winter arrives – mainly the harvest, not much insight into harvesting yet, going to be a little later this year I'm afraid – only good thing maybe it won't be so hot out and one can enjoy it a bit more. There's been a little harvesting done around here however, but it's mostly just peas. Let's hope the weatherman co-operates and doesn't send out severe storms now. Nothing like putting in an order now, and hope for the best. Good luck to our farmers throughout the coming harvest.

Congratulations and Best wishes to Logan Barrie and Christina Gervais who were married August 19/2022 in their yard on the Wood Mountain Reserve on a beautiful day. A beautiful ceremony with 3 bridesmaid and 3 groomsmen, and their two sons, Lincoln and Bentley as ring bearers were in attendance. There were approximately 90 people in attendance at the reception held at the band hall. A bonfire and dance was then held back at the young couple's residence. A great time was had by all.

The last week of swimming lessons were held at Alida pool – hope you had a chance to make use and enjoy the pool this year. We are so fortunate to have this facility in our community. Enjoy it while you can – there's just over a week left to spend time at the pool this season. Must send out appreciation and kudos to our lifeguards they did another awesome job again this year. So nice to see the local young people out and about helping out their community. Sunday, August 28 was the last day of fun at the Alida Swimming Pool. They had lots of fun games to play, treats, hot dogs and movies. A good crowd was there to enjoy all the fun and say good bye to the swimming pool for another year – Hope to see you all again next year.

Congratulations to Mari Lemieux who has now become Alida's young author at the age of 16 when she had her book "The Sock Momster" published, and it's available at 361Cafe. Great story Mari and keep them coming.

Congratulations and Best wishes to Logan Barrie and Christina Gervais who were married August 19/2022 in their yard on the Wood Mountain Reserve on a beautiful day. ALIDA AUGUST HAPPENINGS

Don and Linda Akins enjoyed a three week holiday out west where they visited daughter Melissa in Cranbrook, BC; son Ryan in Cochrane, AB; granddaughter Paige in Calgary; her brother Paul and Elaine Rogg at Pennant, SK; and nephew Dean Mohrbutter and his granddaughter also in Calgary. They returned home August 25.

Albert and Sheila Boutin are pleased to welcome their new grandchildren to the family – twin boys Frederick and Theodore who arrived August 25/2022 to their parents Levi and Renee Lawrence. Congratulations everyone!

Congratulations to Robbie and Shandi Boutin who welcomed their new baby boy Porter Fraser on August 26/2022, and to proud big brother Calder as well as to grandparents Gille and Cheryl.

Sincerest Sympathies are extended to Parry Peet, sons Wendal and Thomas on the death of his wife/their mother Lynette Peet who passed away August 27/2022 at the age of 50. Condolences are also extended to the whole Peet and Holland families. Arrangements are pending.

Harvest is now well underway for some and just beginning for others – but it's now Go – go – go. Good luck to everyone and please do be careful out there with those big machines and equipment. It's a busy time of the year with lots to be accomplished. Oh yeah – if possible maybe keep a fire expenditure handy around those machines, one never can tell and it is dry out there, even after all that rain. Take care.

REDVERS & DISTRICT COMMUNITY HEALTH FOUNDATION

The Redvers & District Community Health Foundation is a 26 Year old organization made up of elected representatives from the Town of Redvers, RM of Antler, Village of Storthoaks, RM of Storthoaks and the RM of Reciprocity. It is thanks to these communities, as well as the donations from residents, that we can operate the Redvers Medical Clinic. Community donations and contributions support many aspects of our local healthcare such as: clinic staff wages, clinic equipment, activities for LTC residents, assist in hospital and LTC equipment purchases, and bringing more services to our area such as Primary Care Providers.

It truly does "take a village" to care for each other and we cannot thank our community residents enough for their ongoing support!

ALIDA & AREA 4-H BEEF

On Monday June, 6, 2022 the Alida & Area 4-H Beef Club held their annual Achievement Day Show at the Redvers Ag. Society grounds. Twenty-five members from Redvers and surrounding communities gathered to exhibit their projects for the 2021/2022 4-H year. Our club members range in age from 5-17 years old and exhibited a variety of projects such as Market Steer, Yearling Heifer, and Continuation Female (Cow/Calf). We also have a small group of young Sheep breeders, who exhibited Market lambs and Ewe Lambs.

Joining us as our judge for the day was Dave Kohler of Kipling, SK and his daughter, whom acted as our ring-mistress. Dave and his wife moved to the Kipling area two years ago from Ontario. Through the years, the Kohler family have raised purebred Angus, Simmental and Limousin cattle, but dispersed their herd before moving to Saskatchewan and now run a small herd of Simmental/Angus cows and enjoy semi-retired life. To his credit, Dave and his family have raised and exhibited Grand & Reserve Champions across Canada, claiming multiple titles at the Royal Winter Fair in Toronto and Agribition. A man of overwhelming knowledge and experience, Dave provided our members with encouraging feedback on improvement and plenty of words of praise on a job well done by these future farmers.

The weather cooperated and the crowd cheered as we progressed through our classes of the day, and we finished off the evening with a BBQ supper to wrap up a post-pandemic 4-H year. Prizes and awards were presented for the following categories and age groups:

Champion Heifer- Exhibited by Bronx Jorgensen
Reserve Champion Heifer- Exhibited by Oliver Kyle
Champion Cow/Calf- Exhibited by Bronx Jorgensen
Reserve Champion Cow/Calf- Exhibited by Cagen Sauter
Supreme Champion Female- Exhibited by Bronx Jorgensen
Supreme Reserve Champion Female- Exhibited by Oliver Kyle
Grand Champion Steer- Exhibited by Kolbie McColl
Reserve Champion Steer- Exhibited by Kerri-Ann Walker
Champion Home Grown Steer- Exhibited by Kolbie McColl
Champion Home Grown Heifer- Exhibited by Oliver Kyle

Our members then attended the Regional Show and Sale in Alameda on June 11th and 12th. They competed against fellow 4-H Clubs within the South East Region, and sold Market Steers following the show.

Many Thanks to the buyers of the Market Steers exhibited and sold by our Members. Always the toughest part of the day for many of the members, they are shown the value and appreciation of their hard work.

I have been working at the Advantage Co-op for 15 years. This position has been a great fit for me and I have enjoyed my time here. The work life balance provided by the organization has allowed me to spend time with my family which I very much appreciate.

My husband Doug has worked at the Co-op for 38 years and we have 2 children and 6 grandchildren.

Michelle Raymond

I began my career with Co-op in Sept 1996 on the sales floor. In 2001 I transferred to a position in the Admin Department where I have remained for the duration of my 25 years.

While working with the Co-op I met my husband Kevin when he began working in the tire shop with Co-op. We have been together for 24 years and have two great kids, Ayden and Marissa.

You're at home here.

Fuel Good Day is Tuesday Sept 20th. We will be donating 10 cents from every litre our team pumps at the C-store and 10 cents from every dollar spent at the Food store to the Redvers Fire Department

Wesley Malin

I started working for Advantage in 2007 and joined the Fire Department shortly after as I saw a need and a way of giving back to the community. I am grateful to the Co-op for allowing me to leave work whenever a fire call comes in, no questions asked. And for helping me and the community by continuously giving back and supporting the fire department and the work we do. This money raised will help with training and purchasing equipment.

Jessica Hamilton

I started at the hardware store in 2016 as a student. After I graduated I decided to stick around and work full-time. Throughout my years I got to know the community and everyone who lives in it. The past 6 years flew by thanks to having amazing co-workers. I can't wait to see what the future may hold.
