COVERING THE CORNER

REDVERS & AREA COMMUNITY NEWSLETTER

March 2025 Issue
RedversNews@gmail.com

Covering the Corner is a service provided by the Town of Redvers. It is our intent to provide the community of Redvers and surrounding area with a newsletter that keeps residents connected with the numerous events and activities going on within our fantastic community!

Welcome to Provincial & Playoff Hockey!

Friday, February 21st was the first game in the Provincial Division D South semi finals with the Redvers Rockets against the Milestone Flyers. With the final score of 7-3 for the Rockets, Head Coach Brian Magotiaux had this to say, *“Overall the team played to their full potential. They are definitely headed in the right direction and continue to give fans their money’s worth every game.”* Magotiaux adds, *“I couldn’t be happier with our pick ups for the provincial roster as they fit the Rockets hard work ethic, grit and determination.”*

ALIDA FEBRUARY 2025 HAPPENINGS

Submitted by Edel Cowan

* Hope everyone enjoyed a Happy Valentine's Day on February 14 with your significant other.

* The Alida Rec. Board had some delicious homemade Turkey Shepherd's Pies for sale at the beginning of February and they sold out very quickly. Much appreciation goes to Linda Akins who so graciously made those pies and a huge thank you goes to all who bought them - your continued support is appreciated.

* Are you looking for a place to host an event that needs lots of room?? Look to the Alida Rink. It is available for rent at a cost of \$50/hour. The kitchen is also available for rent, at an additional cost. Contact Lesa (306-485-8656) if interested.

* The Alida Curling Club held their annual Ladies Open Bonspiel on February 22 with six teams registering. Curling began at 9:00 am - with four teams participating in 6-end scheduled games and soon the bonspiel was underway and would finally end just before supper. As the six teams arrived, they were all dressed out in their chosen attire ready for "battle". A very delicious supper of stuffed pork, baked potato, salads, veggies and dessert was very much appreciated by those in attendance. Approximately 60 suppers

were sold (including curlers). Following supper the Chance Auction items were drawn and the prizes distributed to the lucky winners. Results of the bonspiels were as follows: A-event winner - "The 1980 Ladies" (young adults from Alameda). B-event winner - "The Black Out Team" (Sam Peet, Alida). The Best Dressed Team was "We 'As' It" (Margaret Peet team, Alida). It was a very enjoyable day spent at Alida Rink.

* The Breakfast Challenge is still on - January had Kitchen group 4 as winner with 52 breakfasts and February had Kitchen group 1 as winner with 60 breakfasts. March begins with group 2 serving approximately 58 breakfasts. But there are four more breakfasts to go - only time will tell who the over-all winner will be. Special Thank you to all who attend our breakfasts - especially to the out-of-towners - we do appreciate your continued support. Don't forget - we'll see you at the rink Sunday mornings!!

* The Friday night suppers held weekly at the rink are well attended and one can enjoy a supper of their choice from the rink menu and have a visit with your neighbors and friends.

* DRAMA in Alida is just about here - it's Act One Productions 29th year - can you believe it???? This year we have local actors/actresses from Redvers, Oxbow, Alameda and of course Alida who are all prepared to give a performance that you'll

never forget. They are presenting another 3-Act comedy - "Don't Tell Mother!" The reserved tickets are going fast, contact Linda Akins (306-577-3155) if interested. Cocktail Theaters are held Thursday, March 6 (seats available) and Friday, March 7 (sold out) at 8:00 pm (doors open at 7): Dinner Theater is Saturday, March 8 - (sold out) doors open at 5:00 and show at 8. Sunday Matinee is on March 9 with doors opening at 1:00pm. Sunday tickets available at the door. Hope we see you at the Hall.

* The Alida Curling Club will be hosting an Open Mixed Cash Bonspiel on March 28 and 29. To enter this bonspiel contact Margaret Peet at 306-485-7245 before March 24. Come on out - enjoy one more time on the ice and have a fun-filled weekend at Alida.

* Also on March 29 the Ladies will be hosting a "Chili Cook Off" - at 11:00 am to 2:00 pm. Enter your favorite pot of chili by contacting Lesa at 306-485-8656. There will be prizes for 1st, 2nd, and 3rd. If interested in voting for the best chili the cost will be \$5. Hope to see you at the rink for one more time before the end of the season - Come on out and enjoy some curling and some homemade food.

* Good bye February and Hello March - Let it be Spring soon!

Happy St. Patrick's Day to everyone - make sure to wear green!

Do You Need a Building Permit?

CALL US WITH YOUR PROJECT DETAILS,
WE ARE HERE TO HELP!

STRUCTURAL RENOVATIONS

- Gutting/renewing/renovating the building, replacing electrical or plumbing components that require opening walls/floors.
- Door or window replacement that requires a change of the opening or a new opening.
- Adding, removing, altering or replacing walls, stairs, or doors.
- Basement/foundation alteration or development.
- Structural framing.
- Creating a bedroom from an existing space.

DECKS

- Any deck 2 ft tall & over.
- Any deck 100 sq ft & over.
- Tall decks that are under size do not require a permit.
- Low decks of any size do not require a permit.
- Handrails on stairs and railings on tall decks are required.
- Roofs over decks.
- Wheelchair accessible ramps.

NEW BUILDINGS

- Accessory buildings such as a garden shed, 100 sq ft & over in size.
- Sheds that are built elsewhere and moved in.
- RTM's, mobile/modular homes, build-on-site homes.
- Garages, attached or detached
- Additions or sun rooms.
- Temporary buildings/structures.
- Fireplaces/wood burning stoves.
- Change in the type of use, converting to commercial, and/or change in occupancy load.

Did You Know The Following Projects Require Permits?

Demolishing a Building - including a partial removal, so it can be removed from your SAMA Property Report, therefore you no longer have to pay taxes on that structure for the upcoming tax year. Ensuring proper demolition and removal of all debris to an approved disposal location.

Moving a Building - so that you can ensure the integrity of the structure was not compromised during the move and also to ensure that it was built to code in the first place, which may be common in older buildings and structures.

Building/Altering a Fence/Hedge - property lines will be marked to ensure the entirety of your fence is constructed on your property. If it is built on/over the property line, you will be sharing ownership and rights to your fence by default, which we do not want to happen.

THESE ARE EXAMPLES ONLY - PLEASE INQUIRE BEFORE YOU PROCEED.

Building Permits ensure that all users of the proposed structure can trust it was built correctly and safely according to the Government of Saskatchewan's Building and Construction Codes.

Frequently Asked Questions

HOW LONG DOES THE PERMIT PROCESS TAKE?

The first step is a development permit which is taken to Town Council, ensuring compliance with the Town's Building & Zoning Bylaws, and our Community Plan. The fee for this stage is refundable if completed in 2 years! The Building Permit is next, which is sent to our contracted building inspectors, Municode. This two-step process could take anywhere from 4-6 weeks, so submit your permit early to avoid delays in your project.

SHOULD I WAIT UNTIL I START MY PROJECT TO GET A PERMIT?

We highly recommend starting your permit sooner than later! The development and building permits do not expire until two years after the date at which you submit your application. This means there is no rush to complete the project if your timeline extends into multiple years. It is important to include ALL phases of your project in the single permit - and if you decide to not continue with one component, just inform your building inspector!

WILL I BE CHARGED EXTRA FEES FOR INSPECTIONS?

Unless there are special circumstances such as project complications or major changes, Municode will not charge you additional fees for your permit. If you request additional services, they may charge you directly, but not without your consent. Plan reviews, inspections, and communication are included with your one-time fee collected at the Town Office when you submit the building permit paperwork.

WHO DO I TALK TO IF I HAVE QUESTIONS ABOUT MY ACTIVE PERMIT?

While the Town Office is always here to help in any way possible, your building inspector can clarify any questions you may have!

This service is part of the fees you have paid for your permit, so do not be afraid to call your inspector for advice. It is also your responsibility to call your inspector when your project is ready for the next inspection - so please schedule your inspections ahead of time to avoid delays!

WHEN DID RENOVATIONS BECOME PART OF THE PERMIT PROCESS?

In 2015, Council began to require permits for interior work on residential and commercial projects. Each project is different, and it is important to remember that the Town Office can not divulge confidential information about another project. We guarantee that no project is overlooked, excused, or above our bylaws or permit process. Work completed before 2015 is grandfathered in.

HOW MUCH DOES A BUILDING PERMIT COST?

Building Permit fees are directly related to the monetary value of your construction! Municode charges \$3.55 per \$1000.00 of your project value, with a minimum fee of \$200.00. In 2023 Council switched from PBI to Municode, partially in part to their simplified form process and their affordable fees. The permit process is not meant to be costly - it is meant to ensure the safety of our residents and that their projects are safe to use!

Tackle These Projects Without a Permit!

Painting, roofing (tin/shingling), replacing same-size windows/doors, flooring, shelving/cabinets, gazebos, pergolas, or any changes that are purely cosmetic such as interior decorating.

Best practice is to call and ask!

Even if you do not need a permit, you will receive a Permit Acknowledgement Form that states your project may proceed without a formal Building Permit.

The safety of our residents is our main priority!

CONDO CHATTER

Submitted by Doreen Holden

It's been a long while since you heard from me. Life is good; it's a lovely place to be when its forty below and we're enjoying the sun, looking out the windows with our vehicles in a heated garage.

We've had several new people move in recently. On first floor, we have Garry Siminiuk who moved from Alberta; he works with the local Coop. And recently, Herb and Marina Dell from Gainsborough, and local folks, Con and Jeannine Carriere are on first floor. On third floor, from farther away, Martin and Betty Taylor from Spiritwood, Sk. Closer from home, Doug Annetts from Storthoaks. One of our tenants, Gerry Blerot who has been here for eleven years has been relocated to the Redvers Care Home.

We have several suites that are used by local doctors, nurses and paramedics. We have a doctor moving in this week which will hopefully get our hospital back to full service with three doctors. Our guest room is often in use with family or friends staying over.

At Christmas, we had a catered turkey supper from Weirs which was attended by 35 tenants. We always have games, entertainment and gift exchange to round out the evening and socialize. We collected two large boxes of food and some cash for Carlyle food Bank. The Sinclair Youth group come to sing for us at Christmas and Easter.

Every month we have a meal together, be it pizza, Pot Luck, KFC, chili, soup and sandwich, or a catered meal. There is always a puzzle or two on the go where people gather to visit and actually do many, many beautiful creations. One afternoon, we had a card making session upstairs and a few of us women had a lovely card to take home and give away. Evenings aren't complete without cards; Spades on Thursdays and most every other night is 2000 which is an easy rummy; we may start out with 4 or 5 and then a couple of more sit down to play.

In January we did a collection for Telemiracle. Birthdays are celebrated with coffee and cake but also many afternoons a few gather upstairs for tea and cookies. We love to decorate our building for the various seasons. Since February is Heart and Stroke month, a cause very dear to us, Doreen and Aime did a Pie, Ice-cream and Coffee Fundraiser With 17 people attending, along with a couple of bigger donations, we were able to send \$320 to Heart and Stroke. Why not come for a visit and we'll show you our life in our cozy facility.

BELLEGARDE RURAL DEVELOPMENT: EXCITING COMMUNITY EVENTS AND FUNDRAISERS

Submitted by Aly Poirier

The Bellegarde Rural Development Cooperative has been buzzing with activity in early 2025. January and February have been particularly busy at the rink, with the local Frenchmen hockey team hosting games throughout the week. The community has come together to support a variety of programs, including kids' recreational hockey on Sundays at 1 pm, skate lessons on Wednesdays, and the Intro to Power Skate program held on Mondays. These programs have been a great success, with 16 students attending sessions and 14 children ranging from ages 6-13 participating in the Rec Hockey Program.

The rink, which is volunteer-run, encourages all visitors to pitch in to help keep the facility clean and safe for everyone. A special thanks goes to the Bellegarde Flying Frenchmen Hockey Team, who have dedicated many hours to maintaining the ice surface, keeping it clean and properly flooded.

In addition to the bustling rink programs, the community is also preparing for two major fundraisers in the coming months. The first, the *Poker Derby*, is set to take place on March 15th. Volunteers are hard at work finalizing the plans for this exciting event, which will guide participants through the Southeast Saskatchewan region, thanks to the trail system maintained by the Southeast Saskatchewan Stubble Jumpers. Key stops along the route include Storthoaks Doghouse, where a dinner special will be served, JAK's Tavern in Alida, the Southeast Saskatchewan Stubble Jumpers North Shelter near Redvers, and the Bellegarde Hall. At the hall, there will be a bar, food concession, and prize draws. To qualify for prizes, all riders must return their hands to the Bellegarde Hall by 5 pm. Entry fees are \$10 for one hand or \$20 for three hands, and non-rider hands are also available. Those who cannot ride are encouraged to visit the hall for a meal, fun, and a kids' zone with bounce houses for the little ones to enjoy.

Looking ahead to April, the second major fundraiser — the *Bellegarde Country Hoedown* — is shaping up to be another huge hit. Last year's event was an incredible success, and with the dedicated planning committee working tirelessly to make this year's Hoedown even better, it's sure to be a night to remember! The event will feature a delicious meal, jaw-dropping entertainment, and non-stop dancing all night long. With all the usual shenanigans that have made the Hoedown a historical event, the community is in for an unforgettable evening of fun.

Back again this year is the weekly *Petite Crayons* group at the Bellegarde Hall. This parent and tots group meets every Thursday from 10 am to 12 pm and is free to attend. It's a great space for parents to connect and for little ones to interact, learn, and play in a supportive environment. Cassandra Zander, the group leader, plans snacks and activities for the attendees, making it a fun and enriching experience for everyone. If you're interested in joining or need more information, feel free to reach out via the Bellegarde Rural Development Cooperative's Facebook page, and we'll connect with you!

These events, along with the ongoing programs and the cooperative's volunteer-driven efforts, are a testament to the strong community spirit in Bellegarde. Whether it's supporting the rink, participating in the Poker Derby, dancing the night away at the Hoedown, or connecting with other parents at Petite Crayons, there's always something exciting happening in Bellegarde. Stay tuned for more updates and be sure to mark your calendars for these wonderful events!

CARNDUFF GYMNASTICS CLUB HOSTS FUN MEET TO KICK OFF COMPETITION SEASON

Submitted by: Carnduff Gymnastic Club

CARNDUFF, SK – The Carnduff Gymnastics Club hosted its annual Fun Meet on March 1, 2025, providing young gymnasts with a valuable opportunity to display their skills and prepare for the upcoming competition season.

The full-day event brought together 81 athletes from southeast Saskatchewan, representing three clubs: Carnduff Gymnastics Club (Carnduff), Ross Gym & Fit (Moosomin), and Moose Mountain Jumpers Gymnastics Club (Carlyle). Each of these clubs runs both recreational and competitive programs, ensuring that gymnasts of all skill levels can develop their abilities. The meet welcomed 46 recreational gymnasts and 35 competitive gymnasts. While recreational athletes demonstrated their skills in a non-competitive setting, competitive gymnasts had the chance to perform their routines in front of an audience — an important step in building confidence and refining their performances before official competitions begin this spring. Unlike traditional meets, the Fun Meet does not involve judging or scoring. Instead, it serves as a showcase event where athletes can gain experience performing in front of a crowd, helping them prepare for the pressures of competition.

This season, competitive gymnasts from Carnduff Gymnastics Club will have the opportunity to travel to meets in Regina, Moose Jaw, Humboldt, and Grand Forks. The club has athletes competing in the Xcel program in three levels: Bronze, Silver and Gold. **Athletes competing from Redvers include Madison Birch and McKenna Richards.**

Organizers were pleased with how the event unfolded and were happy to see such a large turnout of spectators supporting the athletes. The Fun Meet continues to be a highly anticipated event for young gymnasts, coaches, and families, and helps promote a love for the sport while building confidence in a positive and encouraging atmosphere. The Carnduff Gymnastics Club extends heartfelt gratitude to the sponsors whose support made this event possible, including Carnduff Co-op, Carnduff Bowl, Spencer's, Earl's General Store, Carnduff Drug Mart, Integrity Oil Field Hauling, B&B Oil Field Hauling, Bandit Oil Field Hauling, and Flying M.

What does SERF do?

SERF plants small patches of grain crops using specialized small equipment to allow for accurate, scientific comparisons between different crop varieties or production practices. We call these patches 'plots'. Each experiment has multiple 'plots' and there are multiples of each crop variety or practice for verification. Every year to compare new crop varieties with an older standard variety of each of over 20 grain crops. This information is used in SK government publications used by seed growers to decide which seed to offer in our region. In 2024 we had over 3000 plots and each plot has yield collected along with other measurements to assess performance. These plots were organized into 81 different experiments with many different purposes like variety evaluation, disease management, and fertilizer management.

I'M PLANTING SOME FLOWERS

Submitted by Jocelyn Hainsworth

There is a meme that surfaces on Facebook occasionally that I feel is particularly, poignantly perfect for the times we find ourselves in this spring.

There are multiple versions of this meme but they all have two people talking. One asks "Aren't you worried about what the future will bring?" and the other replies "I think it will bring flowers." to which the first person responds "Oh really, why is that?" "Because I am planting flowers."

In his farewell address in 1989 President Ronald Regan spoke of the United States of America as "A tall, proud, shining city built on rocks, stronger than oceans, windswept, God-blessed, and teeming with people of all kinds living in harmony and peace; a city with free ports that hummed with commerce and creativity." His words being inspired from a bible verse Matthew 5:14.

These are lofty words but they came at a time in history where the men and women whose leadership got us through WW11 and who realized that peace isn't just the absence of war but rather 'the presence of justice, of law, of order – in short, of government' and had put into place NATO and The United Nations to ensure the safety and freedom that we in the western world have taken for granted for 80 years. It hasn't always been perfect but it beat the heck out of what is happening now. We watch in horror as all of Regan's high ideals crumple like a house of cards at the hands of a man who wants to make it into the history books. No doubt he will – if anyone is left to print or read them.

But, enough about that. Sorry about being so dark. Let me get back to planting flowers.

We are days away (again) from Trump's threats of tariffs. Will his fear of crashing the stock market make him back off again? Who knows? Is it really the tariffs he wants, or the turmoil and uncertainty that he likes most? Regardless, we have to prepare for ... well, we don't really know, do we? How will this affect our lives? How deep with the economic pain go? We will hurt, but the experts say so will the Americans. How this affects regular people, no matter which side of the border they are on concerns him not at all. At his first threat we Canadians felt powerless, but then someone came up with some 'flower seeds' to plant. His tariffs are all about money, it's the only thing he is interested in ... so let us speak in the only language he understands – dollars.

His threat of tariffs and the insult of making us his 51st state has galvanized Canadians into the most thorough anti-American shoppers ever to wield a shopping cart. It's so ironic that in past Free Trade negotiations it was the USA who insisted on country-of-origin labeling; now the very thing that is making identifying what we don't want to buy so much easier. Not that it's all straight forward, 'Made in Canada' is not the same thing as 'product of Canada' but there are websites and Facebook pages set up to help you understand what you are buying and advice on where to find what you need. Don't think for a moment that you can't make a difference, those big companies watch their market share and down is not a direction they want to see. Canadians are known for our 'nice-ness' but read the history books – we are not to be messed with.

The world order tipped yesterday, spilling out the security we have enjoyed for so long and allowed evil and greed for power to seep in. All is not lost, there are still good people in the right places to make a difference, but as we head into this year there is lots to worry about.

Personally, I'm going to plant flowers. It won't change the big picture, but at least there will be flowers.
