### **Management's Responsibility**

The municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The council is composed of elected officials who are not employees of the municipality. The council is responsible for overseeing management in the performance of its financial reporting responsibilities. The council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The council is also responsible for recommending the appointment of the municipality's external auditors.

Baker Tilly SK LLP, an independent firm of chartered professional accountants, is appointed by the council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the council and management to discuss their audit findings.

## **Independent Auditors' Report**

To the Council  
Town of Redvers

### *Qualified Opinion*

We have audited the consolidated financial statements of Town of Redvers, (the municipality), which comprise the consolidated Statement of Financial Position as at December 31, 2023 and the consolidated Statements of Operations, Change in Net Financial Assets and Cash Flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the municipality as at December 31, 2023, and results of its operations and its consolidated cash flow for the year then ended in accordance with Canadian public sector accounting standards.

### *Basis for Qualified Opinion*

PS 3280 asset retirement obligations requires the municipality to recognize a liability at the reporting date for future costs that the municipality is legally obligated to incur for the retirement of a tangible capital asset. The municipality has identified several buildings which likely contain asbestos and will require remediation upon the retirement of the building. A liability has not been recognized for these costs. As insufficient information is available with regards to the extent and expected costs of the likely remediation activities, we are unable to determine the asset retirement obligation liability that would have been recognized on the current or prior year's statement of financial position, or the impacts on expenses, surplus and accumulated surplus of the current or prior year.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Other Matter*

The consolidated financial statements of Town of Redvers for the year ended December 31, 2022 were audited by another auditor who expressed an unmodified opinion on those statements on June 22, 2023.

### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Council is responsible for overseeing the municipality's financial reporting process.

### *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the municipality to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

*The notes to consolidated financial statements are an integral  
part of these consolidated financial statements.*

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies**

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian Public Sector Accounting Standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

**(a) Basis of accounting**

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable, and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

**(b) Reporting entity**

The consolidated financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the council for the administration of their financial affairs and resources.

Entities included in these consolidated financial statements are as follows:

| <b>Entity</b>                                  | <b>Basis of Recording</b>       |
|------------------------------------------------|---------------------------------|
| Redvers Recreation Board                       | Full consolidation              |
| Redvers Fire Department                        | Full consolidation              |
| Redvers Recreation Arts and Culture Foundation | Proportionate consolidation 50% |

All inter-organizational transactions and balances have been eliminated.

**(c) Collection of funds for other authorities**

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation. The amounts collected are disclosed in note 3.

**(d) Government transfers**

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or are the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:

- (i) the transfers are authorized;
- (ii) any eligibility criteria have been met; and
- (iii) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

**(e) Other (non-government transfer) contributions**

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally-restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally-restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

**(f) Deferred revenue - fees and charges**

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

**(g) Local improvement charges**

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

**(h) Net financial assets**

Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

**(i) Non-financial assets**

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

**(j) Appropriated reserves**

Reserves are established at the discretion of council to designate surplus for future operating and capital transactions. Amounts so designated are described on schedule 8.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

**(k) Financial instruments**

Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of, the accumulated gains or losses are reclassified to the statement of operations.

Long-term debt: Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivables: Receivables with terms longer than one year have been classified as other long-term receivables.

**Measurement of Financial Instruments:**

The municipalities financial assets and liabilities are measured as follows:

| Financial statement line item            |                        |
|------------------------------------------|------------------------|
| Cash and cash equivalents                | cost or amortized cost |
| Investments                              | cost or amortized cost |
| Other accounts receivable                | cost or amortized cost |
| Long term receivables                    | cost or amortized cost |
| Debt charges recoverable                 | cost or amortized cost |
| Bank indebtedness                        | cost or amortized cost |
| Accounts payable and accrued liabilities | cost or amortized cost |
| Deposit liabilities                      | cost or amortized cost |
| Long-term debt                           | cost or amortized cost |

**(l) Inventories**

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the first in first out method. Net realizable value is the estimated selling price in the ordinary course of business.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

**(m) Tangible capital assets**

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital assets that are recognized at a nominal value are disclosed in schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

|                         |             |
|-------------------------|-------------|
| General Assets          |             |
| Land                    | Indefinite  |
| Land improvements       | 20 years    |
| Buildings               | 40 years    |
| Machinery and equipment | 5-30 years  |
| Infrastructure Assets   |             |
| Linear assets           | 30-75 years |

**(n) Government contributions**

Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

**(o) Works of art and other unrecognized assets**

Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

**(p) Capitalization of interest**

The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

**(q) Leases**

All leases are recorded on the consolidated financial statement as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight-line basis over their estimated useful lives (lease term). Any other lease not meeting the before-mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

(r) Landfill liability

The municipality does not maintain a waste disposal site.

(s) Employee benefit plans

Contributions to the municipality's multi-employer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

(t) Revenue

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue. Penalties on overdue taxes are recorded in the period levied.

Utility revenue is recognized in the period in which the service has been provided.

All other revenue is recorded when received, or receivable, collection is likely, and the amount can be reasonably determined.

(u) Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

Measurement uncertainty impacts the following financial statement areas:

The measurement of materials and supplies are based on estimates of volume and quality.

The opening asset costs of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date, the discount rate and inflation.

Measurement financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

---

**1. Significant Accounting Policies - continued**

**(v) Basis of segmentation/segment report**

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General government: provides for the administration of the municipality.

Protective services: comprised of expenses for police and fire protection.

Transportation services: responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and public health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and development: provides for neighbourhood development and sustainability.

Recreation and culture: provides for community services through the provision of recreation and leisure services.

Utility services: provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

**(w) Budget information**

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on May 24, 2023.

**(x) Assets held for sale**

The municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset and the sale is reasonably anticipated to be completed within one year of the financial statement date.

**(y) Asset retirement obligation**

Asset retirement obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development or normal use. The tangible assets include but are not limited to assets in productive use, assets no longer in productive use and leased tangible capital assets.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

**(y) Asset retirement obligation - continued**

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

**(z) Loan guarantees**

The municipality provides loan guarantees for various Redvers organizations, which are not consolidated as part of the municipality's statements. As the guarantees represent potential financial commitments for the municipality, these amounts are considered as contingent liabilities and not formally recognized as liabilities until the municipality considers it likely for the borrower to default on its obligation and the amount of the liability can be estimated. The municipality monitors the status of the organizations, loans and lines of credit annually and in the event that payment by the municipality is likely to occur, a provision will be recognized in the statements.

**(aa) Liability for contaminated sites**

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The municipality:
  - a) Is directly responsible; or
  - b) Accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**1. Significant Accounting Policies - continued**

**(ab) New standards and amendments to standards**

Effective for fiscal years beginning on or after April 1, 2023:

PS 3160, Public Private Partnerships, a new standard establishing guidance on how to account for and report on partnerships between public and private sector entities. Specifically, those in which the entity in the public sector procures infrastructure in conjunction with a private sector entity. In these scenarios, the private sector entity must have obligations to design, build, acquire or improve existing infrastructure. Furthermore, they must also finance the transaction past the point in which the asset is initially ready for use along with operating and/or maintaining such on an ongoing basis. The standard applies to fiscal years beginning on or after April 1, 2023.

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. The standard is mandatory for fiscal years beginning on or after April 1, 2023. Earlier adoption is permitted. The standard may be adopted retroactively or prospectively.

PSG-8, Purchased Intangibles, provides guidance on accounting for and reporting on purchased intangibles. It provides clarity on the recognition criteria, along with instances of assets that would not meet the definition of such. The standard may be adopted retroactively or prospectively.

The extent of the impact on adoption of these future standards is not known at this time.

New accounting policies adopted during the year

PS 3450, Financial Instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instruments that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost of fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extend of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities.

These measurements are to be applied prospectively with any difference between the fair value and the prior carrying value being recognized as an adjustment to accumulated remeasurement gains and losses at the beginning of the fiscal year. This standard was adopted in conjunction with PS 1201 – Financial Statement Presentation, PS 2601 – Foreign Currency Translation and PS 3041 – Portfolio Investments.

**9. Long-Term Debt**

- (a) The debt limit of the municipality for 2024 is \$1,992,155. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the Municipalities Act section 161(1)).
- (b) Bank loans are repayable
- CIBC - Principal outstanding \$51,491 - repayable in annual instalments of \$51,491 principal plus interest. Interest rate of prime.
  - CIBC - Principal outstanding \$103,900 - repayable in annual instalments of \$20,776 principal plus interest. Interest rate prime.
  - CIBC - Principal outstanding \$425,000 - repayable in annual instalments of \$25,000 principal plus interest. Interest rate prime.
  - CIBC - Principal outstanding \$78,400 - repayable in annual instalments of \$11,200 principal plus interest. Interest rate prime.

Future principal repayments are estimated as follows:

|            | Principal         | Interest          | 2023<br>Total     | 2022<br>Principal |
|------------|-------------------|-------------------|-------------------|-------------------|

Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**10. Pension Plan**

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable years of service, highest average salary, and the plan accrual rate.

For further information of the amount of MEPP deficiency/surplus information see:  
<https://mepp.peba.ca/fund-information/plan-reporting>

All contributions by employees are matched equally by the employer. The contribution rates were updated on July 1, 2018. Employee contribution rates in effect for the year are as follows:

|                    | <b>2023</b> | <b>2022</b> |
|--------------------|-------------|-------------|
| General members    | 9.00 %      | 9.00 %      |
| Designated members | 12.50 %     | 12.50 %     |

Contributions to the plan during the year were as follows:

|                 |           |           |
|-----------------|-----------|-----------|
| Benefit expense | \$ 39,139 | \$ 37,741 |
|-----------------|-----------|-----------|

As per the most recently audited consolidated financial statements dated December 31, 2022, the plan surplus is \$1,021,301.

**11. Statement of Remeasurement Gains and Losses**

There are no measurement gains or losses during the periods presented; therefore, no statement of remeasurement gains or losses is included in these consolidated financial statements.

**12. Comparative Figures**

Certain balances for comparative purposes have been reclassified to conform with the current year's presentation.

The financial statements for 2022, which are presented for comparative purposes, were audited by accountants other than Baker Tilly SK LLP.

**Town of Redvers**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**13. Risk Management**

Through its financial assets and liabilities, the municipality is exposed to various risks.

**Credit Risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of [financial statement line items impacted, how this risk is mitigated and any changes in exposure to the risk from prior period].

The municipalities maximum exposure to credit risk as at December 31, is as follows:

|           | <b>2023</b>              |
|-----------|--------------------------|
| Federal   | 35,841                   |
| Utilities | 131,442                  |
| Trade     | <u>110,724</u>           |
|           | <u><b>\$ 278,007</b></u> |

**Interest Rate Risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of long term debt.

Sensitivity Analysis of Interest Rate changes:

|                                                    | <b>2023</b>                                 |                                             |
|----------------------------------------------------|---------------------------------------------|---------------------------------------------|
|                                                    | <b>1% increase<br/>in interest<br/>rate</b> | <b>1% decrease<br/>in interest<br/>rate</b> |
| Increase [decrease to operating surplus (deficit)] | <u>( 6,950)</u>                             | <u>6,950</u>                                |
|                                                    | <u><b>\$( 6,950)</b></u>                    | <u><b>\$ 6,950</b></u>                      |

**14. Contingent Liabilities**

The town was involved in litigation regarding the breach of a contract. The outcome of these actions is not determinable as at the date of reporting and accordingly, no provision has been made in these consolidated financial statements for any liability that may result. The town's share of settlement, if any, will be charged to expenses in the year in which the amount is determinable.

**15. Correction of Prior Period Error**

Subsequent to the year ended December 31, 2023, the municipality identified an error in unrecorded inventory, deferred grant revenue and tangible capital assets. Due to this error, the municipality's inventory and capital assets were understated while the accumulated surplus is understated. The prior period comparative amounts have been restated from those previously reported to correct for this error. The correction of this error has impacted the municipality's consolidated financial statements as follows:

At December 31, 2022 the opening accumulated surplus decreased by \$400,645, the balance of inventory increased by \$47,280, the tangible capital assets increased by \$41,791 and the deferred grant revenue increased by \$474,633.

Notes to Consolidated Financial Statements  
For the year ended December 31, 2023

---

**16. Subsequent Events**

On November 9, 2023 the municipality signed a contribution agreement with the Investing in Canada Infrastructure program for the replacement of existing water filtration system with new bio filtration and reverse osmosis system, upgrade to the existing water treatment facility, expansion of resevoir system and emergency power generation system. The maximum total expenditures approved for this project is \$6,160,000 with grant funding available for 73.33% up to a maximum of \$4,517,128.
