

Communities in Bloom

"To inspire all communities to enhance the quality of life and our environment through people and plants in order to create community pride."

The Town of Redvers is seeking volunteers to form a Bloom Committee for the 2025 growing season and beyond. This year, we will be joining Communities in Bloom as "Evaluated Friends". This means the experts of CIB will visit our community, and make recommendations to the Town and our Bloom Committee members. Evaluated friends get rated and receive advice from CIB, but are not in competition with other communities. This is an ideal place for Redvers to start! The Bloom Committee would work together with Administration in the planning of future landscaping efforts by the Town.

The program consists of communities receiving information and being evaluated provincially by a volunteer jury of trained professionals on the accomplishments of their entire community on six key criteria:

- *Community Appearance*
- *Environmental Action*
- *Heritage Conservation*
- *Tree Management*
- *Landscape*
- *Plant & Floral Displays*

Communities in Bloom is a community program where everyone wins. It is a citizen led, community economic development program that is measurable, predictable and accountable.

Benefits of being in the program include growth in civic pride, positive sense of community, and tangible improvements generated by their efforts.

Call the Town Office at (306)452-3533 if you are interested in volunteering or would like to know more!

Would you join our Bloom Committee?
